

## NEW ELECTION TO BE CALLED SOON BY PRES. PALMA

RUMORED THAT GOVERNMENT IS  
VERY ANXIOUS TO AVOID  
INVESTIGATION

BY SECRETARY OF WAR TAFT

Extraordinary Efforts are Being Made  
In Cuba to Avoid a Searching  
Inquiry.

Havana, Cuba, Sept. 17.—The calling of a new election as the easiest means of ending the revolution and restoring peace and harmony in Cuba is confidently expected in many quarters. Rumors which are widely circulated and will not down, despite denials from men like General Frayre Andrade and other strong government supporters, have it that President Palma will issue the call within a few days.

There is abundant evidence that the government is anxious to have a settlement reached with the insurgents in time to avoid any searching inquiry into Cuban political affairs by Secretaries Taft and Bacon when they arrive. Such an investigation, it is hinted, would bring to light numerous administration skeletons which Palma prefers to keep hidden. To avoid having some of the scandals aired, Palma, it is believed, will consent to make peace with the insurgents on almost any terms. The rebels say a settlement can be arranged on the basis of a new election, but in no other way.

Persons in a position to know a good deal of the inner workings of the government therefore are confident that it will be called soon.

As long as interference by the United States seemed destined to merely take the form of giving the government assistance in repelling insurgents, Palma was willing that Roosevelt should take a hand. A rigid investigation of all that has occurred in Cuba is about the last thing that the Palma clique desires.

Palma's proclamation of a cessation of hostilities yesterday is regarded as the first step by the government toward coming to an understanding with his enemies. Emissaries are now on their way to the various insurgent camps to carry the news, and if possible, enter into negotiations with the rebel leaders.

Just how complete has been the change of front of the government is shown by the fact that Secretary Montalvo yesterday consented to visit in their prison several of the liberal leaders who were arrested, to discuss possible peace terms.

It is expected that a conference with the insurgent chiefs and liberal leaders will be arranged shortly to discuss peace proposals. The government will make every possible effort to reach an understanding with the rebels without consulting as to an election. If all other offers are refused, it is believed Palma will make the final concession and issue his call for a new election.

If an investigation is undertaken by Taft it would probably result in several disclosures that the insurgents will not relish, but it is believed they have far less to fear in this direction than has Palma. Any terms which are decided upon must be submitted to Taft for his approval.

### CABLE IS CUT.

Washington, Sept. 17.—The navy department received word this morning that the cable between Cienfuegos and Bermuda has been cut. The cable between Havana and Cienfuegos was cut Saturday and the land lines have been out of business several days. This cut Cienfuegos off from all outside communication.

## CAUGHT IN FROG

Cincinnati, Sept. 17.—With his left foot caught in a railroad frog, at the foot of Evans street, Carter G. Brasher, a B. and O. brakeman, struggled frantically to release himself as a switch engine bore down upon him yesterday. He was unable to release himself, and his cries were not heard. A moment later he was dragged from beneath the engine, mangled and dying.

### Wreck at Piqua.

Piqua, O., Sept. 17.—Lester Eicher, 12, of Trenton, O., was killed in a wreck here between a C. H. & D. passenger train and a Pennsylvania freight. The passenger train, which was a Sunday excursion, was leaving the siding to run on the main track, when the freight train, of which the engineer lost control, crashed into it. The passengers were thrown into a panic when warned of the approaching danger, but all escaped with the exception of the Eicher lad, although many were slightly injured.

## CHIEF FIGURES IN CUBAN CRISIS AND U. S. WAR SHIPS NOW OFF COAST OF ISLAND.

GENERAL MARIO MENOCAL.

U.S.S. "DENVER"

U.S. GUNBOAT "MARIETTA"

## SIX ARE KILLED AND MANY HURT BY AN EXPLOSION

DEAD AND WOUNDED ARE BEING  
TAKEN FROM WRECKAGE AT  
HAVANA, CUBA.

IS WORK OF INCENDIARIES

Truce is Declared Pending Conference  
Between the Insurgents and  
Palma's Representatives.

(Bulletin.)

Havana, Sept. 17.—A violent explosion occurred this morning, wrecking two brick buildings. Six persons were killed and many wounded. No details of the cause are yet at hand. The explosion is thought to be the work of incendiaries. The building caught fire. The dead and wounded are still being taken from the wreckage, and an investigation is being made.

### TRUCE IS DECLARED.

Washington, Sept. 17.—In a dispatch to the state department, Charge d'Affaires Sleeper of Havana, today says that the insurgents have agreed temporarily to quit fighting and that a conference will be held between the government and insurgents looking to a formulation of a peace program for submission to Secretary Taft on his arrival.

### FUGITIVE FOUND.

Banks at Atlanta Want Him on  
Claims He Left Behind.

Augusta, Ga., Sept. 17.—Thomas W. Alexander, head of the largest cotton firm in Augusta, who two months ago disappeared after having defaulted for a sum approximately \$200,000, was arrested by a private detective agency in Pittsburg, Pa. He agreed to come back to Augusta without requisition papers.

Among the losers were three of the principal banks of Augusta, the largest being the Georgia railroad bank, which Alexander owed about \$160,000. That concern offered a reward of \$500 for his arrest in the United States or \$1,000 if arrested in a foreign country and brought back to the United States. The bank officials were notified of the arrest and an officer of the city police force left for Pittsburg to get the prisoner.

### Miners Called Out.

Terre Haute, Ind., Sept. 17.—Orders were issued calling out all the men employed by the Vandalia Coal company. The action was taken by the district officials of the United Mine Workers of America, and was the result of the failure to adjust differences growing out of the discharge of three men at Vandalia mine No. 5, near Linton. The Vandalia company owns 30 mines in Indiana and employs 3,000 men, about one-fifth of the miners in the state. The company held that the men were discharged shots before the time fixed in the joint agreement. It was stated by the miners that the mine was not in operation when the shots were fired.

### Lightning Touched Off Magazine.

Mont Faucon, France, Sept. 17.—Lightning exploded the powder magazine of the fort here. Seven persons were killed and many injured.

### Three Men Blown to Pieces.

Winnipeg, Man., Sept. 17.—A dynamite explosion at a railroad camp 13 miles from Kenora blew three men to pieces, fragments of their bodies being picked up 40 feet away. It appears that the men had sprung a hole and before it cooled off commenced to lead it and the charge prematurely exploded.

Philip S. Wales, former medical director of the United States navy, died of cancer at Paris.

CHARLES J.  
BONAPARTE  
SECRETARY OF THE  
NAVY.

WILLIAM  
HOWARD  
TAFT  
SECRETARY OF WAR.

REBEL GENERAL PINO GUERRA.

## INDEPENDENCE

Of Cuba is Doomed Think Paris Pa-  
pers—Lively Interest is Taken  
in France.

Paris, Sept. 17.—Lively interest is manifested here over President Roosevelt's decision to send Secretary Taft to Cuba, and newspapers jump to the conclusion that this will sound the knell of Cuban independence. In responsible circles, however, the right of the United States under the treaty with Cuba to restore order is recognized, but there is no disposition to impute to the Washington government a desire to seize the occasion to annex the island. Nevertheless it is thought by some persons that even if the counsel of President Roosevelt is followed, and the rival factions temporarily bury the hatchet, there will be an early recurrence of the insurrection which will compel ultimately annexation.

## BROOKLYN MAN

Arrested on Grand Larceny Charge  
Preferred in Kansas—Rose-  
brook His Name.

New York, Sept. 17.—Frederick E. Rosebrook, a well-to-do produce merchant of Brooklyn, was placed under arrest on charges of grand larceny preferred in Kansas. The complaints are C. A. Martin and the First National bank of Winfield, Kan. It is alleged that Rosebrook some time ago launched the J. P. Baden Produce company of Kansas, became its president, and issued a statement last January to the effect that the concern had funds amounting to \$113,999 to its credit; but that investigation by stockholders last June revealed that instead of there being \$113,999 company funds there was but \$90,600.

### Wreck and Flames.

Houston, Tex., Sept. 17.—An extra freight train on the International & Great Northern, from St. Louis and points east with shipments for Houston, San Antonio and Laredo, was derailed 16 miles north of Palestine. One of the cars carried a half car of matches, which ignited. Flames spread to 14 cars. The cargo of merchandise was very valuable and the loss will be heavy.

Oilers, firemen and deckhands on some of the Standard Oil company's fleet of 14 tugs in New York harbor struck for more wages.

## PEACE CONFERENCE

Presidents of All Central American  
Republics Have Been Notified  
of the Meeting.

San Jose, Costa Rica, Sept. 17.—In conformity with the fourth article of the treaty of peace between Guatemala, Salvador and Honduras, signed on board the United States cruiser Marblehead July 20, a peace conference was inaugurated here by President Gonzales Viquez. The object of the conference is the signing of a general treaty of peace, friendship and commerce. Luis Anderson, Costa Rican minister to the United States, was chosen secretary. The presidents of all the Central American republics were notified of the inauguration of the conference.

## IS FOUND DEAD

Circumstances of Rothermel's Death  
Similar to Those of His Brother  
William.

Philadelphia, Sept. 17.—Frederick L. Rothermel, a partner and elder brother of William G. Rothermel, the investment bank broker who committed suicide six years ago when his financial affairs were in a crisis, was found dead at his home. The circumstances were similar to those surrounding his brother's death, and the coroner ordered an investigation.

## FALSE REPORTS ANNOYING WITTE

Former Prime Minister of Russia Is  
Taking No Precautions—Is  
Afraid of Nobody.

Hamburg, Sept. 17.—Count Witte, former prime minister of Russia, who is being treated here for polio of the nose, is much annoyed at the false reports published in the United States that an attempt was made on his life by an anarchist named Rosenbaum at Soden, Rumburg. Count Witte is taking no precautions, as he is not in fear of any one. He is out of Russian public life now, his friends say, and is not regarded as the object of a terrorist plot. Count Witte goes daily to Frankfurt to consult the surgeon who has his case in charge. An operation probably will be necessary to eradicate the growth.

## TRADE WITH EGYPT

Special Agent Pepper Makes His Re-  
port—Principal Figures Are  
Here Given.

Washington, Sept. 17.—Charles M. Pepper, who was sent to Egypt as a special agent to report on the prospects for increased trade with that country, says imports from Egypt have reached nearly \$10,000,000, while direct shipments of goods from the United States rarely exceed \$1,000,000 and in some years have fallen below \$500,000. The total foreign commerce of Egypt in 1895 was a little more than \$100,000,000. Mr. Pepper says that in less than five years it will amount to \$250,000,000, one-half of which will be imported goods. For the fiscal year 1906 this country has taken from Egypt \$9,291,621 worth of goods, and sold to that country \$1,162,128 worth.

## CAMPAIGN

For Two Cent Carfare—Movement to  
Make It Effective in All  
the States.

Harrisburg, Pa., Sept. 17.—S. M. Williams, secretary of the Pennsylvania state board of trade, made public copies of letters received from the governors of several states on the movement to obtain uniform legislation throughout the United States for a 2-cent maximum fare on steam railroads. Mr. Williams recently communicated with the governors of all the states with a view of obtaining their sentiments on this question. A number of the governors are personally favorable to 2-cent fare and in a few instances tell of movements in their states to obtain such legislation by the legislature.

### Once Governor of Michigan.

Milwaukee, Sept. 17.—Aaron Thomas, former governor of Michigan, died here of apoplexy. He came to this city for treatment last July, but returned to Saginaw in August. He suffered a relapse and came back a week ago. Governor Bliss suffered a stroke of apoplexy a year ago. Brights disease developed, and during the past few months his death was momentarily expected.

Benjamin F. Hetherington, 77, president of the Hetherington & Borer Iron Works company, died at his home in Indianapolis, Ind.

## CLARA HASLOP IS BURNED TO DEATH AT ST. LOUISVILLE

YOUNG GIRL'S DRESS CAUGHT  
FIRE AND DEATH FOLLOWED  
IN SIX HOURS.

HAS TWO SISTERS IN NEWARK

Mr. Evans a Neighbor, Tried to Save  
the Sufferer and Was Himself  
Badly Burned.

A distressing accident occurred at St. Louisville Monday morning which resulted in the death of Clara Haslop, the 14-year-old daughter of Mr. and Walker Haslop, proprietor of the St. Louisville hotel.

The child stepped to a hot plate in the kitchen of the Haslop home to remove some coffee when the flames caught in her clothing burning her frightfully. The injured girl ran into the yard with the flames fiercely clinging about her body. Mr. Evans, a neighbor, rushed to her as soon as possible and tried to extinguish the flames and was badly burned. He removed glasses worn by the young lady which were so hot that his fingers were burned.

Dr. I. H. Robb of this city was called and attempted to save the life of the young girl, but death took place shortly before noon after nearly six hours' suffering. It is believed that the young girl, being near sighted, did not realize how close she was to the fire until her clothing was ablaze.

The unfortunate girl has two sisters residing in this city. Mrs. Ivan Imhoff and Mrs. Addie Hawkins.

### ON THE ROCKS.

Transpacific Steamer in Bad Plight.  
Passengers Safely Landed.

Honolulu, Sept. 17.—The steamship Mongolia went ashore near Midway island. The Mongolia sailed from Yokohama for San Francisco Sept. 10. The Mongolia is a sister ship of the Manchuria. The ship is being lightered and her passengers were landed safely on Midway island.

A message from Captain Porter of the Mongolia says the vessel is on the rocks in a bad position. The Mongolia is the fourth large transpacific vessel to be stranded within the last two months. The other three were the United States transports Thomas and Sheridan and the Manchuria. The Thomas was gotten off but the Sheridan is still aground. The Manchuria, which went ashore on Rabbit Island Aug. 20, was floated Sept. 16.

### Diaz Opened Congress.

Mexico City, Sept. 17.—President Diaz opened the autumn session of congress in the presence of senators and deputies and a brilliant audience. He said in his message that with almost all civilized nations Mexico was on the most friendly relations, while with no nation is any question existing which even remotely threatens conflict.

### Prohibition Won.

Calix, Ky., Sept. 17.—In the local election here 14 of the 16 precincts gave a majority of 59 for prohibition. The other two precincts will probably reduce the majority to 50.

### Pistol Duel.

Helena, Mont., Sept. 17.—In a pistol duel here Chief of Police Flannery shot and killed T. P. Purdie, a traveling painter of Kansas City, and was himself shot in the leg. Flannery attempted to search a man of five men, one of whom was accused of begging. Purdie, one of the number, objected to being searched and opened fire.

## A SHORTAGE OF \$86,248.90 SAYS EXPERT WEBBER

TESTIMONY IN JAS. F. LINGAFEL-  
TER BANKRUPTCY CASE  
HEARD BY REFEREE.

## VALIDITY OF THE MORTGAGE

Involved in Matter Before Referee—  
Building Association Wants the  
Mortgage Allowed.

Testimony was taken Monday before Referee C. M. Rogers in the matter of James F. Lingafelter, bankrupt. The question involved is between the Homestead Building and Savings Company, on one side and the Newark Savings Bank on the other, in which the validity of the mortgage given by J. F. Lingafelter to the Building Association for \$50,000, is attacked. The mortgage, it is claimed, was given to secure any shortage that was found in the books of the association after they had been figured by the expert accountant, Mr. Webber. The association seeks to have the mortgage allowed as a claim against the assets of Lingafelter, or to pro-rate with those assets.

Expert Accountant Webber says that his work has been finished and reports a shortage of \$86,248.90.

Attorneys Kibler & Montgomery are for the Building Association while the receiver and trustee are represented by A. A. Stasel and Flory & Flory.

The shortage in the Savings bank is placed at \$75,000. A dividend of 40 per cent has been paid the bank depositors, while the Building Association has paid 60 per cent. Nothing can be said regarding the possible amount of the next dividends.

The attorneys in the case being heard by Referee Rogers expect all of the testimony to be in and the case to be concluded sometime Tuesday.

## MURDER OF AUSTRIAN CONSUL AT TIENSIN

Berlin, Sept. 17.—The murder of the Austrian consul to Tientsin, China, Emil Thiele, by the Chinese is today reported by the Tagblatt correspondent at Tientsin, adding that the Chinese robbed the consul's body, taking \$2,000.

### GALA DAY

In Hungarian Capital at Unveiling of  
Washington Monument.

Budapest, Hungary, Sept. 17.—The unveiling of a monument to George Washington made Sunday a gala day in this city. From morning till night was great enthusiasm because a monument of the first president of the United States was given a place on monarchical territory.

The flag of the United States and Hungarian colors intertwined were to be seen everywhere. There were special sermons in many of the churches, the preachers calling attention to the importance of the event. In the afternoon thousands of persons lined the streets through which passed an imposing parade to the city park, in which the monument stands. There were 30,000 persons in the park, which was surrounded by many thousands more. Francis Kossuth, Hungarian minister of commerce, and Count Albert Apponyi, minister of worship, represented the independence party at the ceremonies, and were not present in their capacity as government officials. The attendance included numerous members of the diet, the various municipal officials, Mr. Chester, United States consul general; 500 Hungarian-Americans headed by E. T. Kohanyi of Cleveland, O., and delegates from patriotic societies in all parts of Hungary. Prior to the unveiling choir sang the Hungarian and then the national anthem of the United States and other hymns.

At a banquet Herr Bauzy, toastmaster, President Roosevelt and Consul General Chester proposed the health of the king of Hungary. Mr. Chester availed himself of the opportunity to state that he attended the ceremonies and the banquet as a private citizen of the United States, thinking that it was his duty to do so for such an occasion.

### PRIZE FOR THE NEXT BABY BOY

Middletown, Conn., Sept. 17.—Alarmed because there have been no boys born in the town for nearly a year, the Middletown News offers a year's subscription to the parents of the next male child born in town.

Congressman Longworth and Governor of the First and Second Ohio districts were renominated by Republican conventions.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations. It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrile Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for the trouble from which I suffered. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had cured so many women, I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margaret Merkley, of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound. To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well, and I cannot express my thanks for what it has done for me."

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice, and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

**SCHOOLMA'N'S APOLOGY.**

An extremely proper young New England woman was a kindergarten in a large city. Getting into a street car one day, she bowed to a man whom she thought was the father of two of the children under her charge. As soon as she had done so she realized her mistake, and as he got off the car at the same time as herself, she stepped up to him and said:

"Please pardon me speaking to you but I thought you were the father of two of my children."—Judge.

A Queen Anne farthing bearing the date 1713 was sold for \$200 in London recently.

LAUGHTER IN VARIETY FORM

BY RYAN WALKER

**AWFULLY UP-TO-DATE**

The Visitor—Everyone seems stylish and up-to-date in this town.

The Old Resident—Yes; even old Phil Fish signs his name "Elli Fyshe" now.

**THE USUAL WAY.**

First Arctic Explorer—I'll bet the thermometer is close to the hundred mark back home.

Second Arctic Explorer—Gee! I wish I was there.

**A GREAT FALLING OFF**

"How thin little Jimmy looks after his two weeks in the mountains. Did he really fall off much?"

"Yep, cliff, house barn, cherry trees, everything."

**MIGHT BE WORSE**

Mrs. Wise—Oh! what do you think. A pig got into the old tartar and stole the pig of corn.

Mr. Wise—I should have known you were not a fool. I thought he'd steal the piece of corn.

**WICKS—What do you consider the most remarkable feature of the present low tide?**

Hicks—That there have been 23 Sunday-school picnics, with no rain to break them up.

Y. M. C. A. NOTES

A most important feature of the Y. M. C. A. work here is the educational department which has the brightest prospects this year of any time to date in its existence. This feature has started the movement, known in Y. M. C. A. circles as the extension movement, which is due to the great increase in the membership here. This year fully 200 students are expected and two schools will be started outside of the institution which cannot accommodate the classes. A special department in the educational line is the class for foreigners, who desire to learn English. They are taught for a fee simply large enough to pay the instructor, the time and location being donated. One of the night classes will probably be held in the Central school building throughout the coming winter.

There will be a special meeting of the board of directors and the pastors of the city at the association Thursday night at which time an altogether new manner of carrying on the religious work will be considered so that the Sunday afternoon meetings will be made attractive to every young man.

The growth of the Y. M. C. A. here has been such that the institution will have to solve the problem of capacity within a comparatively short time. This is suggested by the fact that arrangements have been made to establish clubs, or what might be termed sub-associations in North, South, East and West Newark among the poorer classes who might desire to enjoy some of the privileges of the association which could be conveniently furnished them in this way.

This movement is a good one and will no doubt meet with hearty support. While many of the very best advantages of the central association member could not be felt in these sub-districts, the influence would be there, and the contact with its officers and active members would have a very desirable and helpful effect.

Spiders are not always solitary creatures. A scientist has lately discovered in Southern India a species of spider that builds spongy nests with outlying webs, each nest being occupied by 40 to 100 spiders, with a large excess of females; sometimes five or six nests are clustered together. The spiders not only live and work together, but they share with one another any prey that may be captured, and some even show maternal affection approaching self-sacrifice.

Formerly milk producers in England were at the mercy of whole-sale dealers or middlemen. By judicious combination in various places they have been able to secure uniform and equitable prices, securing to individual members extra profits up to \$200 a year.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

DECREE ISSUED TO THE CUBANS

In the Hope That Peace May Be Had Without Intervention.

HOSTILITIES ARE SUSPENDED

Believed the Rebels Will Not Accept Peace Proposals Unless Provision Is Made For Their Leaders in Congress — Emissaries of Government Sent to Meet to Insurgent Camps.

Havana, Sept. 17.—Much doubt is expressed as to whether the rebels will accept peace proposals which do not include elections for places of senators and congressmen elected last December.

An extraordinary gazette was issued containing a decree signed by President Palma on the recommendation of Secretary of Public Works Montalvo. The decree follows: "All campaign operations are suspended and in consequence the government forces will act only on the defensive throughout the republic. The secretary of the interior will issue all the necessary orders for the execution of this decree."

The decree caused great surprise, as it was believed to signify a change of heart by government officials, who have been strongly against taking up peace overtures with the emissaries of the revolutionists.

This action had its beginning by General Menocal's renewed effort in visiting Secretary Montalvo and urging him to make the strongest possible endeavor to induce President Palma to comply with President Roosevelt's advice and avoid the consequences of intervention by requesting a truce and endeavoring to have the Cubans come to an agreement between themselves.

Secretary Montalvo and General Menocal visited Jose Miguel Gomez and others of the alleged conspirators in prison and found them willing to co-operate in securing peace. The basis of peace was not discussed in any detail, but Secretary Montalvo returned to the palace and urged President Palma to consider the matter. The president called a conference which was attended by the ministers, Vice President Mendez Capote, General Freyre Andrade and Senator Dolz. The result of this conference was the issuance of the decree suspending government campaign operations.

The government is making earnest efforts to restore peace and avoid intervention by the United States. The object of these endeavors, it is stated, is that it may be able to say by the time Secretary Taft arrives that peace is secured and that therefore there is no need for intervention either to restore peace or insure permanent tranquillity.

Members of the government say they are making the effort in accordance with the advice contained in President Roosevelt's letter; that they have no objection to the friendly assistance of the United States in the matter if it becomes necessary, but that they believe they can settle it between the government and the revolutionists without the necessity of intervention. At least they say they are making an attempt to accomplish this end unaided, and with fair prospects of success.

After the decree was issued government emissaries were dispatched to confer with the revolutionists. General Menocal, accompanied by Congressman Gobon and Garcia Vieta, the youngest son of Calixto Garcia, drove in the direction where Alfredo Zayas was encamped with Castillo's forces, not far from Santiago de Las Vegas, and others went to Guanajay, which place was occupied by a big band of revolutionists under Congressman Campos Marqueti.

CUBA'S UPRISING.

Bryan Believes Mediation May Be Offered to Restore Peace.

Roanoke, Va., Sept. 17.—W. J. Bryan gave out here the first expression he has made on the present Cuban situation. When asked whether in his opinion the United States should intervene, Mr. Bryan dictated the following statement: "I am very glad that the administration recalled the troops landed at Havana. While we should do all in our power to bring about peace by offering the good offices of our country, we have no business interfering with their local affairs. They must settle the disputes among themselves, but I would be glad if both parties would be willing to accept mediation with the idea of bringing about an agreement through the good offices of our government."

Mr. Bryan left here for Raleigh, N. C., Lynchburg and Greensboro. He will speak at Raleigh, Durham, Burlington and Greensboro Monday; at Kernersville, Winston, High Point, Lexington, Salisbury, Concord and Charlotte Tuesday, and at Columbia, S. C., Wednesday. He will make more speeches in North Carolina than in any other state on his present trip.

Trepoff's Successor.

St. Petersburg, Sept. 17.—General De Dioulin, former prefect of St. Petersburg, will succeed the late General Trepoff as commandant of the imperial palace. Trepoff died at the palace at Peterhof of angina pectoris. The rumor that he was assassinated is officially denied.

AMUSEMENTS

**THE ARRIVAL OF KITTY.**

"The Arrival of Kitty" conceded by press and public to be the best and brightest comedy production now on tour is the offering at the Auditorium for Wednesday, Sept. 13th. The comedy has been called a comedy cocktail which seems a befitting description, as the performance is bright, lively, snappy and entrancing and local theater goers, who relish tuneful music and bright dialogue, presented by an excellent cast of players, together with magnificent scenery and gorgeous costumes may look forward to a most satisfying entertainment. The story of "The Arrival of Kitty" is one of humorous complications and the interest never lags but holds the attention of the auditor to the final curtain. The novelty of plot, together with the ingenuity of treatment and the bright dialogue are the magnets that possess the attributes that go to make his entertainment popular with theater goers.

Selected By Puccini.

**The Finest Nugget in Camp**

The last plug of "Star" is worth its weight in gold. Other chews can't take its place—other kinds don't satisfy. "Star" is the chew that's in demand because for forty years

**STAR**

PLUG CHEWING TOBACCO

has been highest quality, honest value—(full 16 oz. to the plug) and standard price.

The rich, sweet, waxy, full-bodied leaf in "Star" makes a substantial and lasting chew.

No other chew equals it. That's why "Star" is still, as always, the standard chew.

150,000,000 10c. pieces sold annually.

The Republicans failing to nominate a candidate known to stand for high moral ideas, can expect little else than defeat at the polls this fall. The promise to secure appropriations for a few public buildings will not bolster up the intemperance and immorality of any candidate.—Wooster Herald.

**Did "Sickness" Keep Smyser Away from Dayton?**

The dispatch from Wooster printed in the Advocate on Saturday showed that Congressman Smyser was "hale and hearty" on the Wayne county fair grounds on Thursday, though he was reported to be too sick to attend the Dayton convention on Wednesday. Further information from Wooster justifies the statement made in the Advocate of Friday, that "the best obtainable explanation is to the effect that Smyser deemed it prudent to dodge the issue between the Dick-Foraker machine bosses and the party reformers, though he is well known to be on the side of the bosses."

Although machine bossism won at Dayton there was a strong sentiment among the better element of the party against it, and that sentiment will not down now in consequence of the success of the Dick-Foraker gang in riding rough-shod over the party reformers.

Smyser was well aware of this strong sentiment against bossism among the rank and file of the Republican party in this congressional district. And having been so distinctively identified with the bosses heretofore Smyser felt that if he went to Dayton and antagonized the reform element it would cost him hundreds of votes in the district at the election. Consequently he dodged the issue by staying away from Dayton.

As to the failure of Smyser to keep his promise to go to Dayton and place our townsman, Mr. Beggs, in nomination for dairy and food commissioner, that was a mere incident, so far as the Advocate is concerned. If Mr. Beggs has no fault to find as the American Tribune claims, perhaps his name was as well presented or even better by young Mr. Montgomery.

Of course Mr. Beggs is too loyal a man to his party to place himself in the light of a discontent because of defeat, but that his nomination would have added strength to his party in this city and vicinity cannot be denied by anybody.  
But there are a number of Mr.

Beggs' friends in the city who are by no means satisfied with the way Mr. Smyser "ducked", as one of them expressed it, and a number of them are expressing their deep displeasure at the conduct of the congressman.

**The Cox Machine Candidate.**

Carmi Thompson, the Republican nominee for secretary of state, will have a hard time explaining to the people of Ohio his course as speaker of the House of Representatives when the question of legislative investigation of Cincinnati and Hamilton county was before the legislature. Thompson showed clearly that he was in sympathy with the Cincinnati gang, doing all he could to prevent an investigation which the Senate finally undertook on its own account. The Drake committee was doing good work in the way of unearthing wholesale treasury robberies and other rascality until a Cox court interfered and stopped the proceedings in order to protect the machine against further revelation of its corrupt methods in politics and government. Thompson at the time the house was organized and in making up his committees rendered service to the Cox machine, against which the voters of Ohio had emphatically spoken at the election a few weeks previously. As the head of the Republican state ticket he will have to face the charge of bossism and answer to the voters of Ohio for his conduct as speaker of the House of Representatives.

Youngstown Vindicator: The indorsement of the two United States senators from this state by the machine convention at Dayton bossed by the senators, is an indorsement which will carry with it no more weight than if the senators had met by themselves and resolved thus: "We are all right and commend ourselves as worthy representatives of the state of Ohio."

**The Senatorial Indorsement.**

(Columbus Citizen.)  
If the two alleged statesmen who misrepresent Ohio in the United States Senate can get any satisfaction from the "indorsement" which they and the job-holding and job-seeking followers jimmied out of the Republican state convention, they are certainly welcome to it.

Foraker and Dick may delude themselves into the belief that this "indorsement" put the O. K. of the people on their unsavory political and senatorial records, but it would be difficult to find anybody else in Ohio who takes a like view.  
It would be an insult to the intelligence of the honest rank and file of the great Republican party of Ohio, to say nothing of the honest rank and file of the people generally, to even suggest that that convention "indorsement" meets with popular approval.

Does any unbiased man believe for a minute that if it were possible to have a popular vote in Ohio today as between Theodore Roosevelt and Theodore Burton on one side and Foraker and Dick on the other, that Roosevelt and Burton would not get the vote of nearly every honest man in the state?

**The Cause of Many Sudden Deaths.**

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects liability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.  
Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**OFFICIAL AFFAIRS AT A STANDSTILL**

**LITTLE BUSINESS TRANSACTED OWING TO CONVENTION AND THE UNVEILING.**

Roscoe Carle Weds.—Ohio at Jamestown Expo.—Dick Is Chairman For Two Years.

Columbus, O., Sept. 15.—Because of the state Republican convention at Dayton the wheels of state affairs were almost at a standstill during the past week. Every man who could be spared from the statehouse at all was at Dayton, and didn't return till it was all over, including the shouting. Friday the McKinley monument was unveiled, which was made a memorable occasion on account of the prominent personages present to take part in the program, so that there was neither time nor inclination to grind on routine business. Then the Saturday half holiday brought up the end of the week with a short turn, and it was a busy week, too, for a' that.

In a social way, the reception given Congressman Longworth and wife by Attorney General Wade H. Ellis and wife was an occasion meant especially to do honor to the president's daughter, and Ohio's capital was gathered there to make it an occasion of joyous welcome to Mrs. Longworth, whose first visit to Columbus was for the purpose of unveiling the statue of McKinley.

Where stood for years high stone pillars and heavy iron gates as the main entrance to the statehouse grounds, now stands a memorial monument, in which a heroic figure of William McKinley in bronze and allegorical groups are arranged in a semi-circle. The statue stands facing the approach, looking toward the west and plainly to be seen by those passing along the street. It was erected at a cost of \$50,000, of which half was appropriated by the state, the other half being raised by popular subscription. It is the only monument on the Capitol grounds except the "Ohio Jewels," which stood guard before the Ohio building at the Chicago exposition. The next monument to be placed on the statehouse grounds will be erected to the memory of Ohio soldiers who lost their lives in the "Sultana" catastrophe while returning from the war.

ROSCHOE CARLE.

Ham McKinley in bronze and allegorical groups are arranged in a semi-circle. The statue stands facing the approach, looking toward the west and plainly to be seen by those passing along the street. It was erected at a cost of \$50,000, of which half was appropriated by the state, the other half being raised by popular subscription. It is the only monument on the Capitol grounds except the "Ohio Jewels," which stood guard before the Ohio building at the Chicago exposition. The next monument to be placed on the statehouse grounds will be erected to the memory of Ohio soldiers who lost their lives in the "Sultana" catastrophe while returning from the war.

Ohio's building at the Jamestown exposition will not be the only feature the Buckeye state will have there. The commission has appropriated \$7,000 for an agricultural exhibit under the auspices of the state board of agriculture and about \$25,000 to educational, mineral, archaeological and historical exhibits. The contract for the state building was awarded to a Chicago firm for \$244,885, so that less money is to be expended this time on the building than on exhibits. According to the contract, work must start within two weeks, and the building is to be completed by March 1. The exposition will open April 26, giving the commission seven weeks to put in the furnishings. Cement block will be used for the front construction and this will be tinted to the grayish color of the stone in the old home of Governor Worthington in Chillicothe, of which the exposition building is a replica.

A suggestion was made to the commission that a bust or statue of Dan Emmett, the old minstrel, who was born at Mt. Vernon, O., where he died and was buried about two years ago, be placed in the Ohio building, for it was Emmett who wrote "Dixie," the favorite song of the south and now popular all over the country. The commission is not yet decided about it.

Miss Cherry of Newark wants a small appropriation for a woman's exhibit, and the commission will try to provide it.  
Now what do you think? Roscoe Carle, the Fostoria editor and erstwhile representative of Seneca county in the legislature, has come and got himself married to a Fostoria girl, of course. Captain Carle was one of the bachelor members of the same legislature that counted Nicholas Longworth among its bachelors. In those days the Seneca chief was apparently wedded to nothing but a laudable ambition to be a good statesman, popular as any man in the house among men and women, and a figure always admired from the women's gallery, but he turned out his head nor allowed his head to be turned. In fact it seemed that he was impregnable to the blandishments of Cupid and his mother. But 10 years among the belles of Fostoria for Captain Carle went there from "Dixie" ought to

tempt any man into the ranks of the Benedicks, and that is just what happened to the big chief of the Senecas. So he cautioned "the devil" not to "pi the form" of the Times during his absence, threw dull care and celibacy to the winds and hid himself to Chicago, where he and Miss Dottie M. Hale were wed, "and may they live happy ever after." But it doesn't mean that Captain Carle is giving up his political prospects. Some day he may go to congress from that district.

As there will be no state conventions next year, the re-election of Senator Dick to be chairman of the Republican campaign committee will continue in full force and effect two years, or until the convention in 1908, unless he resigns, which is not likely. The old organization went through, but not without opposition all along the line. Dick received 14 votes against 7 votes cast for C. B. Wilcox of Sandusky; John R. Malloy was re-elected secretary by a vote of 19 to 2; and William Huffman, a Columbus banker, was proposed for treasurer against W. F. Burdell, who has been treasurer since 1897. But Burdell was re-elected by a vote of 15 to 6.

The candidates on the Republican ticket received so little attention at the convention until it came time to make nominations that a word should be spoken of them here, as was done in these letters for candidates on the Democratic ticket.

Carmi A. Thompson, nominated for secretary of state, is a native of West Virginia and 36 years old. Since early childhood his home has been in Ironton. He is a graduate of the O. S. U., 1892, was city solicitor of Ironton several years and elected to the legislature in 1903 and 1905, being made speaker of the house at the session last winter. He was captain of company I, Seventh O. N. G., during the Spanish war, and is now colonel of that regiment.

Renick W. Dunlap, candidate for dairy and food commissioner, lives at Kingston, Pickaway county. He graduated from the O. S. U., 1897, as a bachelor of science in agriculture, and spent three years as a state lecturer at farmers' institutes. He was elected to the state senate in 1903.

Edmund A. Jones, renominated for state school commissioner, came to Ohio from Massachusetts after the civil war in which he served with a Bay state regiment. He is a graduate of Amherst, 1868. He was superintendent of schools at Massillon, then at Marietta, then at Massillon again until he was elected school commissioner two years ago. He had wide experience as an instructor at teachers' institutes.

George H. Watkins of Portsmouth was appointed a member of the state board of public works in 1903 to fill a vacancy of one year caused by the death of Charles A. Goddard, and elected for the regular term beginning in 1904, so that his nomination at Dayton is for a second full term.

With the approval of Governor Harris, Chief Mine Inspector Harrison appointed Ebenezer Jones of Smithfield, Jefferson county, mine inspector for the Fourth district, composed of the mines in Belmont, Harrison and the greater part of Jefferson county. The term of the appointee will expire April 30, 1909. The post has been held for over 12 years by Thomas McDough of Bridgeport, Belmont county, who recently resigned.

Governor Harris appointed Frederick L. Taft to the vacancy on the common pleas bench in Cuyahoga county caused by the resignation of Judge G. H. Hilden.

The governor also reappointed George D. Copeland of Marion county to the position of member of the board of trustees of the Massillon State hospital.

There is talk of Brand Whitlock, Toledo's Independent mayor, becoming a candidate for congress in opposition to Congressman Southard, if the Independents enter the field in that congressional district. The movement is being freely discussed and will be decided at a meeting of the Independents Sept. 22.

According to a legal opinion rendered the commissioners of Franklin county, which would be of general application if sustained by the courts, bonding companies which have gone security for county depositories may notify the county commissioners, if they wish, that they will no longer be held liable on their bonds, but this will have no legal effect, as far as terminating their liability is concerned. It is asked that the companies can not be released, except with the consent of the commissioners, and that they have the authority to give this consent only when a contingency arises which might make the surety companies unsafe. The commissioners were advised that they had no authority to allow the designated banks to withdraw as county depositories.

E. A. Jones, state commissioner of education, is not very enthusiastic on the subject of the reformed spelling which President Roosevelt has adopted. Mr. Jones said his leading objection to it is an etymological objection. These words, for instance, which are derived from the Latin he would like to see spelled in such a way as to show their derivation; but this, of course, would be impossible if the phonetic method should be carried out strictly. During the summer Mr. Jones attended 34 teachers' institutes in different parts of the state. They were all remarkably well attended. In none of them was the new spelling discussed, to his knowledge.

**BOTH PARTIES IN A SKIRMISH**

Simultaneous Primaries Tomorrow In New York.

**WAR DECLARED ON LEADERS**

Followers of Mayor McClellan Are Trying to Oust Murphy, the Big Chief of Tammany Hall — Parsons Backed by President Roosevelt Is After Odell's Scalp.

New York, Sept. 17.—New York was never more thoroughly stirred to its political center than it is now, on account of the primaries Tuesday by the Republicans and Democrats, in which attempts are being made to wrest control from Charles F. Murphy, chief of Tammany, and from former Governor Odell, chairman of the state Republican organization.

In Tammany the situation is more complicated. Murphy is fighting to continue as leader, but opposed to

GEORGE BRINTON MCCLELLAN.

him are forces friendly to Mayor McClellan, while the adherents of Congressman Timothy D. Sullivan, who are very powerful in the organization, have not indicated their position. Whether the New York county delegates to the state Democratic convention will be instructed by William R. Hearst for governor may depend on the result of the Tammany primaries.

The opposition to Odell in New York is being waged by Herbert Parsons, chairman of the county Republican committee, who recently visited the president and received an indorsement of his course in political affairs.

The most interesting political event of the week in New England will be the state convention of New Hampshire Republicans at Concord, Tuesday. There are five candidates for the gubernatorial nomination, including Winston Churchill, the novelist.

**NO UPRISING**

Occurred in Mexico to Mar Observance of Independence Day.

Mexico City, Sept. 17.—The national holiday in celebration of the anniversary of the independence of Mexico was observed in a most enthusiastic manner in this city. Reports from all points throughout the country, including the cities of Monterey, Saltillo, San Luis Potosi, Tampico, Torreon and hundreds of smaller towns show that not the slightest disturbance marred the celebration. Patriotic speeches were on the programs in a majority of the towns and cities.

Reports from Monterey say that the celebration of Mexico's day of independence was observed there by general merry-making. The governor, accompanied by his staff and many prominent citizens, proceeded to the Juarez theater, where they listened to the reading of the declaration of independence and the singing of the national hymn. There was not the slightest disorder to mar the situation and so peacefully were the affairs carried out that the authorities say it will tend to counteract any effects of rumors of an anti-foreign feeling which have been rife some months. No reports of trouble were received from any point in Tamaulipas, Nueva Leon or Coahuila, the three states traversed by the lines of the merged railway systems.

A dispatch from Cananea says everything was quiet there. A procession of 10,000 Americans and Mexicans marched side by side from one end of the city to the other. United States flags were as conspicuous as the Mexican but the Americans generally wore Mexican colors.

No reports were received concerning the manner of carrying out the celebration in the southwestern part of the republic, but in the absence of news the authorities are convinced that tranquillity prevailed, otherwise they would have received news of some kind by this time.

**Fishing Fleet Destroyed.**

St. Johns, Sept. 17.—The government dispatched the cruiser Flona with provisions and other supplies for fishermen who were shipwrecked in the Strait of Belle Isle during Friday's gale. In all 11 fishing vessels returning here from Labrador with the season's catch were driven ashore and 140 men, women and children aboard barely escaped with their lives. The smacks and their cargoes are total losses. The Flona will bring the fishermen here.

**TAFT BOUND FOR HAVANA**

Will Get at the Bottom of Trouble Within a Week.

**CUBANS ANTICIPATE HIS VISIT**

More Battleships Going to the Antilles and If Necessary the Navy Department Will Be Able to Land Large Force of Marines on the Island by Middle of the Week.

Washington, Sept. 17.—The Cuban legation received a cablegram from Havana announcing the decree by President Palma suspending hostilities. Senor Arturo Padro of Almeida, the Cuban charge d'affaires, immediately notified Acting Secretary of State Adee of the decree.

Secretary Taft and Assistant Secretary of State Bacon left Washington for Tampa, Fla., to embark on a naval vessel for Havana, in accordance with the instructions of President Roosevelt, to ascertain the exact political situation in Cuba. Other members of the party were Frank G. Rockwood, stenographer to Secretary Taft; Henry Newcomb, private secretary to Bacon; Captain F. R. McCoy, the president's military aide; F. L. Cairns, surveyor of the port of Manila; Jose M. Macias, a Spanish interpreter in the insular bureau, and two messengers.

Mr. Cairns formerly lived in Cuba, his stepfather being a Cuban, and accompanies Secretary Taft at his request because of his familiarity with Cuban matters.

Edwin V. Morgan, United States minister to Cuba, is on the way to his post at Havana. Mr. Morgan joined Secretary Taft and Assistant Secretary of State Bacon in this city just as the train left Washington. Morgan has been in Europe since the insurrection began, but will proceed to Cuba with the Taft-Bacon party to resume his duties at once.

The visit of Taft and Bacon to the island republic with the avowed purpose of bringing about a solution of the trouble is recognized on all sides as an event of first importance in world affairs. It is expected in official circles that their work will be completed within a week and that it will be definitely determined in that time whether an amicable settlement of the conflict can be brought about without further intervention on the part of the United States. It is probable that on the mission entrusted to Taft and Bacon depends the future of the new republic, whether it shall remain a sovereign state or come under the active protection of the United States for a time at least, under the provisions of the Platt amendment.

It was announced at the navy department that the battleships Louisiana, Virginia and New Jersey were ordered down the Atlantic coast on a "shakedown" cruise and directed to keep in touch with the navy department by wireless telegraph. In the event of an emergency they will be sent to Havana. It was also stated that the cruisers Tacoma and Cleveland sailed from Norfolk, Va., and that the cruisers Minneapolis and Newark will follow them. The Minneapolis and Newark carry about 700 men altogether and the Tacoma 150. Should all these vessels go to Havana the navy would be able to land a force of 4,000 men in Cuba by Wednesday or Thursday if developments should occur rendering such action necessary. Final instructions will be given the Cleveland and other vessels when they reach Key West.

**MAGNETIC POLE**

Located by Norwegian Who Found the Northwest Passage.

Seattle, Wash., Sept. 17.—Captain Ronald Amundsen, discoverer of the Northwest passage, reached Seattle on the steamship Saratoga from Nome. He was met by a committee of the chamber of commerce and the local Norwegian societies. Owing to his desire to reach the government observatory at Sitka in order to complete his magnetic observations, Captain Amundsen sailed for Sitka on the steamer Jefferson a short time after his arrival. "My observations extend over three years, and it will take three years to calculate them out," said he. "Until that time it is utterly impossible to say positively what I have accomplished by my observations. I believe, however, that I have located the north magnetic pole. I can not say as yet whether it is a shifting point or extends over a large area. We also took careful observations of the aurora borealis, and I believe my observations will show that this phenomena has a marked effect on the compass."

**Sunday in Paris.**

Paris, Sept. 17.—Although a majority of the stores here complied with the compulsory weekly rest day law Sunday, several remained open, causing numerous demonstrations. The police were forced repeatedly to charge a mob of 400 persons in the Ternes district, arresting 20. Other demonstrations were easily dispersed.

**Lake Vessels Aground.**

Washburn, Wis., Sept. 17.—The big steel steamer Crescent City, with whaleback number 168 in tow, went aground about two miles above this city. Three tugs worked unsuccessfully to release the boats, which lie in 17 feet of water on a sand bottom.

### HARRY E. LEWIS

Insists That Locust Street "Hold-up"  
Last Thursday Night Was the  
Real Thing.

Harry E. Lewis, 331 North Tenth  
street, called at this office Monday  
morning and insisted that the police  
department was in error in saying  
that the Locust street holdup of last  
Thursday night was a "bluff."

Mr. Lewis admitted that he and  
Mrs. Lewis had some differences but  
that all had been satisfactorily settled  
before Thursday night.

"What object could I have in feign-  
ing an assault?" inquired Mr. Lewis.  
"There was absolutely nothing to gain  
by it and the interpretation given by  
Chief Sheridan does me a gross in-  
justice."

"I was walking along the street  
about 9 o'clock when I was struck in  
the head and rendered unconscious. I  
learned afterwards that I was taken  
home in an ambulance. Dr. Evans  
attended me and left medicine with  
Mrs. Lewis to be administered every  
three hours. If there was nothing  
the matter with me why did the doctor  
leave any medicine? I know no mark  
was visible when I visited the police  
station next morning but that doesn't  
prove that I was not hit. I know I  
was struck on the head and know that  
I was robbed of \$7 no matter what  
opinions or theories others may have."

### Good Trees for Sale Cheap

The Newark Nursery, located on  
Granville road, near this city, con-  
tains a large variety of the best and  
most practical ornamental and fruit  
trees that are adapted to this locality.  
The trees are vigorous, healthy and  
thrifty, which are the qualifications  
that make them grow and do well  
after being transplanted. These trees  
will grow much better than those  
shipped here from foreign nurseries.  
These trees will be sold cheap and  
will be transplanted for purchasers  
who desire it. All orders promptly  
filled. Write, telephone or come and  
see the undersigned.

## NEWARK HOSPITAL OPEN TO PUBLIC

BUILDING HAS TWENTY ROOMS  
AND ACCOMMODATIONS FOR  
SEVENTEEN PATIENTS.

Remodeled Structure Visited Monday  
Afternoon by Citizens—Recep-  
tion Till 9 O'Clock.

The remodeled and refurbished  
Newark Hospital on Wyoming street  
was opened formally with a public  
reception Monday afternoon. The  
hours for receiving guests and vi-  
sitors being from 2 until 9.

The newly arranged building pre-  
sents a very cheerful and beautiful  
appearance after having been com-  
pletely overhauled. There are now  
20 rooms in the building, including  
an operating room, and accommo-  
dations for 17 patients. The head nurse  
and manager, Miss Helen Coffie, has  
four assistants all being experienced  
and well trained nurses, and there are  
two others engaged who will arrive  
this week.

Of the board of managers and man-  
aging committees there are the fol-  
lowing members, active in the welfare  
of the institution: Mrs. W. N. Fulton,  
president; Mrs. Benjamin Franklin,  
first vice president; Mrs. S. M. Van  
Voorhis, second vice president; Mrs.  
J. R. Davies, secretary; Mrs. Henry  
D. Woodbridge, treasurer; and Mrs.  
Kate Roe, auditor.

The house committee is composed  
of Mrs. W. H. Davis, Mrs. George  
Stratton and Miss Eleanor McCune.

The investigating committee: Mrs.  
W. N. Fulton and Mrs. F. P. Kennedy.  
The following other members com-  
prise the board: Mrs. E. H. Everett,  
press committee; Mrs. A. H. Helsey,  
Mrs. J. H. Smith, and Mrs. Abraham  
Miller.

There is one vacancy in the board  
yet to be supplied.

Attend the beautiful millinery op-  
ening at Clouse & Schaeffer's Fri-  
day and Saturday, Sept. 21 and 22. All  
ladies are cordially invited.

## DELAY IN LAYING WATER MAINS

COMPANY IS SAID TO BE HAVING  
SOME TROUBLE WITH SUB-  
CONTRACTORS.

New Engineers Have Completed Map  
for the Distribution of the  
Water Pipes.

The new water works engineers  
have just completed the new distribu-  
tion map of the proposed new water  
system. The new map shows the sys-  
tem for some distance north of the  
city and includes all the mains which  
will be put in. A few of the specials  
are not included in the map, but a  
list of these is being made and will  
be placed on the map later.

The Board of Service is well pleas-  
ed with the work of the new consult-  
ing engineers. Resident Engineer E.  
A. Smith, who has been on the ground  
for more than a week, is rapidly get-  
ting things into shape for the re-  
sumption of the work by the contrac-  
tors. In fact the new distribution  
map recently made by Engineer  
Smith is ready for the contractor and  
work on planting the mains could be  
commenced at any time.

The members of the board state  
that the contractors, The American  
Light and Water company, are having  
some difficulty with the subcontract-  
ors and this, it seems must be ad-  
justed before the work can be re-  
sumed. It was hoped that the work  
would be commenced after Labor Day  
but this trouble with the smaller con-  
tractors was still unsettled and the  
contractors could not commence their  
labors.

## WEDDINGS.

**A DOUBLE MARRIAGE.**  
Squire Nash is gaining a reputation  
as a marrying justice. During the  
past few days he has performed an  
unusual number of marriages. Sat-  
urday night he joined two couples for  
life inside of five minutes at his resi-  
dence. The happy young people were  
Mr. Charles Hainsworth a polisher at  
Wehrle's and Mrs. Mary West, daugh-  
ter of Mr. George Ellis, and Mr. Roy  
Hoad, also a polisher at Wehrle's,  
and Miss Nellie Felcoat daughter of  
Alvin Felcoat of this city.

**KERRIGAN-FORGRAVES.**  
Mr. Wm. F. Kerrigan and Miss  
Zona A. Forgraves both of St. Louis  
ville, were united in marriage Sun-  
day afternoon at the parsonage of the  
St. Francis de Sales church, Father  
Phunkett officiating.

French horticulturalists have appar-  
ently been very successful of late in  
raising dwarf trees and one of the  
features of dinner parties among the  
rich now is to serve the fruit upon  
the tree.

## THREE GROCERIES HAVE NEW OWNERS

J. A. SEWARD AFTER 11 YEARS  
SELLS BUSINESS TO MR.  
CEPHAS TOWER.

Edw. Grimm Buys Grill Grocery and  
Mr. Jackson Sells to Rian  
Brothers.

Several important business changes  
have taken place in Newark during  
the past several days, which may be  
summed up as follows:

Mr. J. A. Seward, for 11 years pro-  
prietor of the Oriental Tea Store and  
grocery, for several years past lo-  
cated at 180 East Main street, has  
sold his business to Mr. Cephas Tow-  
er, who for a number of years was  
connected with a retail store at Alex-  
andria, and for the past two years has  
been with the Carroll dry goods store.  
For the present Mr. Seward will re-  
main with Mr. Tower.

Charles Grill, the popular South  
Third street grocer, has sold his place  
to Mr. Edward Grimm, who for some  
time past has been connected with  
the Standard Oil company, this city.  
Mr. Grill has been engaged in the  
grocery business in Newark for the  
past thirteen years, nine of which he  
has been located at his present stand  
and four on North Fourth street.

Mr. J. E. Jackson who for some  
time has so successfully conducted a  
grocery store on East Main street, in  
the East End, has disposed of the  
business to the Messrs. Edgar and  
W. W. Rian, two well known young  
business men of the East End. For  
some years Mr. Edgar Rian has been  
connected with the Evans meat mar-  
ket, and W. W. Rian has been con-  
nected with the Jackson grocery for  
a number of years. Both young men  
are exceedingly popular and have  
many friends. They will undoubtedly  
to a good business.

## KNIGHTS OF PYTHIAS ZANESVILLE MEET

Licking County to be Represented in  
Gathering to be Held on  
October 26th.

Zanesville, Sept. 17.—Arrangements  
have just been completed for the  
holding of a meeting of the Knights  
of Pythias of the 19th Ohio district,  
including Muskingum, Licking, Cos-  
hocton and Guernsey counties, in Me-  
morial hall in this city on the even-  
ing of Tuesday, Oct. 9. This meeting  
is in response to a call issued by Dr.  
J. H. Crawford, district deputy grand  
chancellor.

Edward E. Standen, proprietor of the  
Standen hotel at Coshocton, was in  
the city yesterday and completed ar-  
rangements for the putting on of the  
work of the third degree here by the  
degree team of the Coshocton lodge.  
There will be 50 members of this  
team and seven members of their or-  
chestra.

Many visitors are coming to this  
special meeting. Among the most  
prominent will be Grand Chancellor  
E. M. Baker of Hamilton, and Grand  
Keeper of Records William Dent of  
Columbus. It was found necessary to se-  
cure Memorial hall in order to ac-  
commodate the many expected to be  
present from out of the city.

## BUSY SESSION IN POLICE COURT

Big Bunch of Drunks and Petty Of-  
fenses Disposed of at Monday  
by the Mayor.

In a fight that was fast and fur-  
ious for a few moments, W. H. Moore  
and Fred Smith and the latter's  
brother furnished some excitement in  
the red light district early Sunday  
morning in which the police were  
called to take a hand.

Fred Smith and his brother were  
arrested and lodged in the city prison  
on a charge of being drunk, fighting  
and resisting an officer. W. H.  
Moore stated that the men had tack-  
led him and without provocation had  
assaulted him violently.

Owing to the fact that one of the  
men was a railroad, it was impos-  
sible to hear the case Monday morn-  
ing. Thirteen minor cases, being about  
equally divided between drunks and  
combination drunks and train riders,  
were fined and sentenced.

Harry Lindsey, who has been be-  
fore the mayor before, was up on  
complaint of his wife who charged  
that he has failed to provide his fam-

ily with food and clothing. He plead-  
ed for leniency and promised with a  
copious flow of tears that he would  
be good in the future, and the case  
was dismissed.

It is officially announced in the  
Cincinnati Enquirer that 17 city  
thugs were killed and 70 injured by  
the mob outrage in the City Mayor  
in the body of the house which was  
killed while during the recent race  
disturbances were held.

Dr. Rorden, chief physician of the  
Richman Patient hospital, has in-  
formed the Cincinnati Enquirer that he  
has received at least a dozen calls  
from women seeking abortions.

One of the police men who was  
on duty for Sunday shoppers was the  
opening of Leavitt & Bowman. Their  
new room fitted up with all the latest  
styles in notions and women's  
clothes was used by hundreds of  
ladies during the afternoon and eve-  
ning. Mat's orchestra band had the  
music and dainty souvenirs were  
given. The crowd came by 7 o'clock.  
The crowd being much larger than the  
new room had anticipated.

Had I expected to be married for  
years. No appetite, and what I did eat  
disgusted me terribly. Berdick Blood  
Peters cured me. J. H. Walker, Sun-  
day, Ohio.

## Tuesday's Specials in Boy's Department

## Meridith Bros. Doty Block

## OSTERMOOR MATTRESSES

\$15.

Regular A.C.A. Ticking Mercerized Art Twills

## Special Sale of These Famous Mattresses

AS ADVERTISED IN THE MAGAZINES

To stimulate sales, during what is naturally a quiet month in the mattress business, Ostermoor & Co. authorize us to make you a special offer on their 50 lb. Mattress, during September only. The 50 lb. Mattress is 5 lbs. more than the regular \$15 mattress, but during this sale we will sell it at the 45 lb. mattress price, \$15, for full double-bed size, 4 ft. 6 in. wide and 6 ft. 3 in. long. In two parts, \$15.50.

These mattresses have the OSTERMOOR hand-laid filling—built, not stuffed—bound edges, square corners and are beautifully made.

### Higher Priced Tickings Without Extra Charge

We offer you a great choice of tickings, so that you may select an effect harmonizing with the furnishings of your bedroom and suiting your own individual taste.

These tickings (three of the patterns are illustrated above) include "A. C. A." Blue and White, wide or narrow stripe; Gray and White Striped Dust-proof, Satin Finish Ticking in linen effect; Blue and White Herring Bone Ticking; or Mercerized Art Twills in fancy stripe with floral effects in Blue, Pink, Yellow, Green or Lavender—all at the one special price as above. These 50 lb. mattresses at \$15 are great mattresses, way under regular price. You must make your selection early if you want any, as this offer is open only until September 30th.

We are sole local selling agents for the Ostermoor Mattress and carry a full assortment at all times. Come in and examine them. They are guaranteed.

GLEICHAUF, West Main St.

Newark at Sharon.  
Youngstown at New Castle.

(By F. L. Kramer.)

Marion, O., Sept. 17.—For the fourth time, Newark was taken into camp by the locals at Marion park on Sunday afternoon by a score of six to three. Over 300 fans witnessed the contest which was marked by some fast fielding. An error by Winters in the first inning was responsible for four runs of the locals, while Drake's error in the seventh cost two more.

The locals outplayed the visitors both in the field and with the stick, and, after the first inning were never in danger of being defeated. Newark played fast ball in the field, but were unable to connect with "Spitball" Stewart's benders when the bases were occupied. He let the visitors down with five scattered hits, one being for two pillows. With men on bases he was very effective and was accorded excellent support. Stoupe who was on the firing line for the visitors, pitched winning ball and received good support with the exception of the first and seventh innings, when the errors made were costly. The locals touched the visiting twirler for nine safe drives, Quinn securing the only one for an extra base.

In the first inning the visitors came near scoring, but were cut off by Lauzon's pretty throw to second. With one out, Wratten drew four wide ones. He was forced at second by Schweitzer's hit to Stewart, the batter's fast running preventing a double. The base runner took second on a passed ball and third on a wild pitch. Drake who was at bat, drew a base on balls and started to second, but the big catcher threw to Ingerton who caught the base runner by several feet and retired the side. In the locals' half of the inning it looked as if the game would be a much one sided affair. Cooper hit safe to left and was advanced when Flood stopped the ball with his back. Miller bunted safe and filled the bases. Ingerton grounded to third and Wratten made a pretty throw home, but Winters dropped the ball and Cooper scored. Drumm fled out to center field and Flood scored on the catch. Miller going to third. Gilligan fled out to short and Miller and Ingerton trotted home on Quinn's swat for two sacks to left field. Lauzon fled out to Snyder and ended this misery.

From the first inning to the seventh the locals made but four hits, which were scattered and never had a chance to score. In the seventh two more counting marks were secured and the fans felt that victory was clinched. Drake dropped Flood's fly and the batter was safe at first. Miller laid down a pretty sacrifice to Stoupe, who threw to second to catch Flood, but was a trifle late and the first two sacks were occupied. The runners advanced on Ingerton's sac-

## HIGHER PLACE FOR THE LEADERS

### AKRON AND YOUNGSTOWN MAY BE IN FASTER LEAGUE NEXT YEAR.

Red Munson Will Finish With Akron. Teddy Strood to be Married at Season's Close.

Akron, O., Sept. 17.—It is believed that the plans of baseball managers in this section are for a new deal which will remove Akron and Youngstown from the O. P. League next season. While no one can be found who will say authoritatively that this will be done, men who are at the head of baseball in this city have dropped several hints lately which indicate that both Akron and Youngstown will be in a better league next season. These two towns are the best in the league from the standpoint of attendance and the two clubs do not like to go down in their pockets to help along the clubs of other towns where the attendance is smaller. President Morton could tell something of the plans of Youngstown and Akron, but he refuses to talk. He does not deny, however, that something is on.

The new umpire, Sam Longley, of Nelsonville, won't stand for foolishness on the part of the players and in the games in which he has worked here this week has pleased the fans. Longley is a barber by trade, and up to a few years ago, when not engaged in scraping the chins of Nelsonville citizens, he was pitching winning ball for the Nelsonville Grays, one of the fastest semi-professional teams in southern Ohio, from which Jack Taylor of Chicago; Tommy Williams, with the old Cleveland Grays, and a number of other players who achieved more or less renown, graduated. Longley is a scrapper also, and a few years ago sent the bully of Nelsonville to a hospital. Longley has all the earmarks of a good umpire. Before coming here he had some experience in the American Association, where his work also was good.

"Red" Munson, the Cincinnati boy who was backstop for Akron last year; has been signed by the local management and will finish the season here. Munson was signed by the Philadelphia Nationals last season, but contracted a case of rheumatism which put him out of the game. He went south this year and caught on in the South Atlantic league, where he was one of the leading catchers. He will report here in a few days, as Ortleib has been a distinct disappointment.

Teddy Strood, the fast third baseman of the Akron team, has announced his engagement to Miss Elizabeth Jenkins. They will be married at the close of the present season and will make their home in Buffalo. Strood expects to play with Akron next season.

Senators at Lancaster. Lancaster's team of 1904 and 1905 have defeated the Columbus clubs in show games. Next Saturday the present Lanks will try to do the trick again. If they succeed, they'll be wanting to claim the championship of Franklin and Fairfield counties.

## CITY LEAGUE

Yesterday's Results.  
King Co. 5, Liquor Co. 1.  
Emerson 5-3, Rutledge 1-1.

City League Standing.			
Clubs.	Won.	Lost.	Pct.
King Co . . . . .	13	4	76
Emerson . . . . .	10	8	55
Rutledge . . . . .	10	8	55
Liquor Co . . . . .	2	15	11

### Emerson Won Two.

In the double header at Whirlie Park Sunday afternoon the Emerson team took both games from the Rutledge team. Both games were fast and exciting. The first game was finished under protest by Manager Dold. The scores in the two games are Emerson 5, Rutledge 7; Emerson 3, Rutledge 1. The batteries for the first game were Winters and McCarty, Imhoof and Rarrick. The second game Livingston and McCarty, Strong and Church.

King Co. 5, Liquor Co. 1.  
The King Company won another Sunday by defeating the Liquor Co.'s team by a score of 5 to 1.

Amateur Game.  
The Young Nationals defeated the Franklin addition team Saturday by a score of 7 to 2. The batting of L. Bener was the feature of the game, hitting four hits out of four times up.

The score:	R. H. E.
Nationals .....	7 12 3
Franklins .....	2 3 6
Batteries	Haynes and Weiler; F.
Whitemetal and Shaw.	

## IDEAL GUN CLUB

Will Hold Fall Tournament at Club Grounds This Week—Good Prizes Offered.

The Ideal Gun Club has issued programs for a fall tournament to be

held September 20 and 21 at the club grounds in West Newark. The big event of the day will be a 10-man team race in five 20-target events. The prizes in this event will be \$30 if two teams compete, \$45 if three teams compete and \$50 if four teams compete. J. G. Zindorf will answer any inquiries for the club.

## CLARENCE E. ORR WINS CHIEF HONORS IN STATE SHOOT

Reports of the State Rifle shoot at Port Clinton, O., are to the effect that Lieut. Clarence E. Orr of Newark won the chief honors, the regimental contests resulting in the second regiment winning first prize, the Sixth, the second, and the Fifth the third. Lieutenants Orr and Benedict and Corporal Eastman are about to be transferred to the First regiment through their removal to Cincinnati. Lieut. Orr will receive a lieutenantcy in the First.

Improvements to the extent of \$25,000 will be made on the Port Clinton grounds within the coming year. Capt. George Henry, formerly of this city is superintendent of the grounds.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment cures instant relief. Cures quickly. Perfectly safe for children. All druggists sell it.

E. H. Harriman sent his \$10,000 automobile to a repair shop in New York city in January, and when he got a bill for \$1707, refused to pay it.

## Good Blood

Good blood, good health; bad blood, bad health; there you have it. Why not help nature just a little and change the bad to the good? Bad blood to good blood; poor blood to rich blood! Ask your doctor how this applies to Ayer's Sarsaparilla, and how it applies to you! Could anything be more fair?  
We have no secrets! We publish the formulae of all our medicines!  
J. C. Ayer & Co., Lowell, Mass.

## DENISON MEN ARE HOPEFUL

IN SPITE OF THE FACT THAT THE TEAM WILL PROBABLY BE LIGHT.  
Harry Pine May Yet Get Into Game at Granville—Swigart Will be a Mainstay.  
Granville, Sept. 17.—Denison is expecting great things of her football team this year. Beaver field has been cleaned off and things are in good shape for the opening week. In the scrimmages since Thursday the fellows have been showing up with vim and determination.  
The management has arranged a hard schedule for the Denison eleven. The first game will be with Muskingum on Saturday, September 29, which is followed by a game with Wooster.

One of the strongest additions to the team is Swigart, who was a freshman in 1903, and now re-enters Denison. He is a 200 pounder and, with Wilson as a running mate, this will make two good guards.  
Bill Shepard will be in the fame this year as usual while a strong full-back will be found in either Rodgers or Livingston. Harry J. Pamment, the captain will possibly be one of the halfbacks. Harry Pine and John Schwartz will be out, and judging from past records will be heard from while Morton, Ferris, Gibson, Forstye and Rockwood will add timber from which Dr. Rohrer may choose his varsity.  
The speech of Dr. Rohrer at Cleveland hall Friday night gave to the boys his plans to make that building the most attractive places in the university, and they believe the new athletic coach will stand only for clean development in Denison.

## SCHEDULES OF OHIO COLLEGES

Denison.  
Sept. 29—Muskingum at Granville.  
Oct. 6—Wooster at Wooster.  
Oct. 13—O. M. U. at Columbus.  
Nov. 3—W. & J. at Washington.  
Oct. 27—Otterbein at Granville.  
Nov. 3—Case at Cleveland.  
Nov. 10—Ohio at Athens.  
Nov. 17—O. W. U. at Granville.  
Nov. 24—Kenyon at Granville.  
Thanksgiving day—Wittenberg at Springfield.  
Kenyon.  
Oct. 13—Oberlin at Oberlin.  
Oct. 20—Kenyon at Case.  
Oct. 27—Heidelberg at Tiffin.  
Nov. 3—Wesleyan at Gambier.  
Nov. 10—Ohio State at Columbus.<

## CITY TEACHERS VISIT FLINT RIDGE

SUPT. SIMKINS WENT ALONG TO  
EXPLAIN INTERESTING GEO-  
LOGICAL FORMATION.

Ancient Workshop Found on Brown  
Farm—Flint Was Formed  
Beneath the Sea.

On last Saturday a number of teachers invited Supt. Simkins to accompany them to Flint Ridge and to explain the geological formation between Newark and the Ridge. The following composed the party: the Misses Elizabeth Watkins, Ida Weigand, Berne Jones, Louise Wulfoop, Katie A. Murphy, Eitel Baugher, Gertrude E. Avey, Mary E. Palmer, Henrietta Braunhold, Kate Foos, Maude B. Stadden, and Faith N. Fry. The driver, Mr. Hugh Gardner, proved to be a former neighbor of Mr. Simkins and added his share to the enjoyment of the outing.

The first stop was made at Haven's stone quarry where specimens of the sub-carboniferous rocks and fossils were collected, including sandstone, iron ore, crinoids, and turroids. The work of the ancient seabed was studied in the exposed massive sandstone.

About six miles from the city the party stopped for luncheon. A member who forgot to take his basket drank four cups of coffee and partook of twenty-five kinds of eatables in a like appreciative manner. He reports it the most elaborate layout he ever saw spread under the old apple tree. He so reduced the surplus provision intended for the evening dinner that he was unanimously elected forager for the remainder of the day and surprised the party by proving to be an expert. His wife reports today that he hasn't eaten since but that he insists that he had a good time.

Upon reaching Flint Ridge hill, coal vein No. 4 was examined. A number of the party entered the mine and continued to the end. They found a coal seam four feet thick capped by fireclay one foot thick above which was a foot of bituminous coal. There was fireclay beneath the coal also. No mishap occurred in the mine except that one of the ladies fell in the mud that covered the bottom of the mine, screamed and caused one of the men to jump so high that he tore the crown out of his summer hat against the roof. Some one picked the lady up and another picked the gentleman down. No damage except property loss.

After studying the accompanying rocks, the party proceeded up the hill and found evidences of coal veins Nos. 5 and 6. On top of No. 6 lies a strata of flint several feet thick and covering thousands of acres. Hundreds of acres of this flint is literally covered with pits. The pits mark the places where the Indians mined the flint. An ancient workshop was found on the farm of a Mr. Brown. The carloads of flint spalls indicate that an enormous number of stone implements were made there by some ancient people.

It was the intention to stop at the McFarland farm and examine coal vein Nos. 1, 2 and 3, but darkness prevented. This farm is near Newark.

Some one raised the question as to how the flint was formed. It was formed beneath the sea, that is, on the sea floor. Probably the sea was shallow as is indicated by the presence of fossils. The shells of most sea animals are composed largely of lime but some frameworks of the inhabitants of the sea are composed of quartz (flint). It is supposed that this sea was inhabited by animals that had spicules of silica (flint); that this sea water contained an alkali that could dissolve this silica; that it did so and then deposited it as we now see it composing the flint. But this question is still a query with geologists.

Another question was raised as to geological time, how long since our country arose from the sea at the last time? How long has it taken the elements to carve out valleys? Dana says 12,000,000 years have elapsed since the close of the Carboniferous age and that 6,000,000 years elapsed during the Carboniferous age; that is it has been 18,000,000 years since the beginning of the Carboniferous age which includes the Sub-Carboniferous period. The western half of our country is the oldest because it is composed of the Sub-Carboniferous rocks and the eastern half includes the six lower coal strata of the Carboniferous proper. According to this estimate the eastern boundary of our country may have arisen from the sea the last time about 3,000,000 years later. That the western margin of our country, Newark being near the center of the country this point may have emerged from the sea the last time about 12,500,000 years ago. Probably the first half of the Carboniferous age was occupied in making the rocks exposed in our country. So nature has had at least a long time to carve our valleys out of the original level plain. Dana admits that these figures are not strictly reliable and later geologists are inclined to make the time shorter. Another question raised was as to when the glacier was here. It is said there were two glaciers in our country: the early, or Illinois, and the later, or Wisconsin. The Illinois covered the entire county and left drift and boulders. This was so long ago that the drift has all been washed away, leaving the boulders only. So an occasional boulder may be found over the eastern half of the county. The Wisconsin glacier also left boulders and a large amount of clay, gravel and sand. This still largely fills the valleys of the western half of our country and in some instances even caps the hills or composes the hills. All agree that the glacial period was comparatively recent; the estimates varying from 10,000 to 30,000 years ago. Probably the Greenland glacier is a remnant of the one that was here. The terminal moraine of the glacier is in our county. The various gravel hills of our county, including comet-ey hill and the hills on the north side of the Licking river, the Wilkin's Run gravel hills, the hill on which our Woodslee school building stands, the dam just north of Hanover, and all gravel hills and clay hills in the county—all these are parts of the glacial terminal moraine. So it is not necessary to go to Switzerland or to Alaska to see a terminal moraine. The geographies locate the old Laurentian mountains around the south end of Hudson Bay in Canada. It is not necessary to go to Canada to see the kind of Archaean rocks of which this ancient mountain range was composed as all the boulders in our county were once a part of that range and were rolled and slid and carried down here by the glacier. Many of these boulders may be seen on our street corners.

The weather was remarkably fine. The deep green foliage, the goldenrod the asters, the numerous flower-gardens, the corn harvesters, potato diggers, the tread mill cider press, the great valleys carved out of the level highlands by nature in the later millions of years, the high hills remnants of earlier millions of years, the horizon to six coal veins and accompanying strata exposed between Newark and the Ridge, the ancient lake basin in which our city is located, the great orb that hung his light above to show us his work in organic life and valley making, the planets and stars that came out one by one to light us to the hill-tops south and to remind us that the earth is not alone, the myriads of electric lights in the busy city below—all these made each member of the party feel that it had been a day of great thoughts and that he can enter the schoolroom with a broader horizon, a truer knowledge of what has been, and a keener appreciation of what is.

Remember our fall military opening Friday and Saturday of this week. Clouse & Schauweker, 42 North Third street.

## Ex-Senator Plunkitt Uses His Cane On An Ungrateful Tramp.

New York, Sept. 17—Residents in West Fifty-first street were surprised to see former State Senator George Washington Plunkitt, the author of the expression "honest graft," hatless and coatless in pursuit of a shabbily dressed middle aged man. The former Tammany leader brandished a

GEORGE W. PLUNKITT

cane and when he overhauled the man the cane was brought into active play. Between the blows Plunkitt rained on the man's back he shook him and shouted: "Thief! Rowdy, Bum!" Then the Senator let the man go. At the Plunkitt house it was learned that the Senator had become angry because a tramp had thrown a box of sandwiches at the feet of a servant of the household, who, thinking the man was hungry, had turned her breakfast into sandwiches and given them to him. Instead of showing gratitude the nomad aristocrat scorned the sacrifice made by the girl and threw the sandwiches at her feet, cursing her roundly.

The incident was witnessed by Mr. Plunkitt, who snatched up his cane and went for the panhandler.

The sight of Mr. Plunkitt with uplifted cane was too much for the tramp and he took to his heels, but he was not speedy enough. When Mr. Plunkitt finished the corporal punishment he told the tramp to "skidoo" and the latter did.

Minster-on-Sea, an English watering place is building a pier which will be the longest on the English coast—more than 7,000 feet.

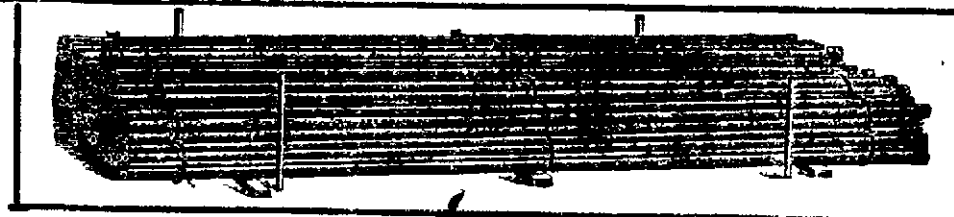

The wheat crop of India this year is large. The area sown amounts to 26,226,200 acres, and the yield is estimated at 8,560,000 tons, as against 7,582,000 tons last year.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulator acts gently and cures constipation. 25 cents. Ask your druggist.

## TOWNS ROUND ABOUT NEWARK

ROSEVILLE GIRL  
THREE YEARS OLD

HAS FOUR GREAT GRANDMOTHERS AND TWO GRANDMOTHERS LIVING.

Few Days Ago At 10 of them With Combined Age of Four Hundred and Four Years Visited Her.

Zanesville, Sept. 17.—Helen Brown the three year old daughter of Elmer Brown of Roseville, is quite a distinguished little girl, having four great-grandmothers and two grandmothers living. She is also a descendant of James A. Garfield. Recently all of the grandmothers and great-grandmothers were the guests of little Miss Brown. They are Mrs. Thomas Brown, Beaumont, Texas and Mrs. Charles Ballou, Roseville, O.; Mrs. Lucy Brown, Roseville; Mrs. Mary Axline, Roseville, Mrs. Jacob Ballou, Connelville, and Mrs. John M. Henry, Zanesville. The combined age is 404 years.

TOMATOES AND EGGS  
HURLED AT PREACHER

Too Busy Preaching to Help in Harvest Field Defied Those Who Threatened Ducking.

Millersport, O., Sept. 17.—Disregarding the warning that he would be "ducked in the canal" if he persisted in holding revival services in this town, George Fox, an itinerant preacher and exhorter, Saturday night resumed his efforts from the village band stand.

"Ducking or no ducking," he said, "here I am," and after praying fervently that an earthquake might speedily swallow up the scoffers, he was greeted by several volleys of eggs and tomatoes.

Fox and his aged father have been camping near Millersport in an improvised hut for some time, the father virtually supporting the son by soliciting alms and peddling small articles.

The younger man, owing to the scarcity of labor, had been repeatedly asked to assist in caring for the heavy harvests, but had answered that all his time was required in saving souls. It was this and his general thriftlessness that precipitated the demonstration.

## ZANESVILLE FUNERALS.

Zanesville, Sept. 17.—Mrs. Ernestine Roedel, 53, who died at her home on Underwood street, was buried today at Greenwood cemetery. Mrs. Margaret Atkinson, 53, who died on Friday after a residence of 60 years in Zanesville, was buried Sunday.

## NEARLY EVERY BONE BROKEN.

Marion, Sept. 17.—Michael Garvin, aged 35, was found dead by the Erie railroad track near Decliffe Sunday. It is supposed that he was struck by No. 2. Nearly every bone in his body was broken.

## JUDGE ROCHE BURIED.

Coshocton, Sept. 17.—Ex-Probate Judge Thos. C. Roche, 53, who died of Bright's disease Friday, was buried Saturday. He assisted in the defense of Ben Dickerson who awaits death at the Ohio penitentiary, and had overworked himself in preparation of the case and at the trial. While making his four hour plea he was visibly overcome.

No. 10 Warden Hotel BlockCASH REWARD  
FOR HARRINGTONSOLICITOR WHO WORKED IN  
THIS CITY FOR ZANESVILLE  
LABOR JOURNAL.He Told Hard Luck Tale and Secured  
the Job—Got Away With  
About \$100.

Zanesville, O., Sept. 17.—Nothing has as yet been heard from W. H. Harrington, the man who buncoed the Zanesville Labor Journal and disappeared with funds collected in Newark a short time ago. The Journal now offers \$25 reward for information that will lead to his arrest.

Four weeks ago Harrington came to the town with a hard luck story about having had a printing office destroyed in the Frisco earthquake and he was given a job soliciting for the Journal's industrial edition. He chose Newark for his vantage ground and his connection with the Journal was almost forgotten when reminders were received from Newark saying that contracts had been made with him and that money in many instances had been advanced. Harrington "did" the Journal it is said for about \$100, but the paper stands ready to carry out the contracts he made with Newark people.

W. H. Harrington is about fifty years of age, near five feet six inches high; heavy set; dark complexion; smooth face; wore black Alpine hat, long dark coat and dark pants and tan shoes. He also had a scar about two inches long on his forehead. The son he said he had with him claimed to be about 26 years of age and named W. E. Harrington.

FIVE NUMBERS ON  
GRANVILLE LECTURE COURSE

Granville, Sept. 17.—Granville's lecture course will consist of the following numbers: Senator Dolliver of Iowa; William Harper, boss soloist, of New York City; George E. Vincent of Chicago; Dr. Charles A. Eastman, a full blooded Sioux Indian; The Philharmonic String Quartette of Cleveland.

If any profit from this course shall accrue the same shall start an endowment fund to be known as the Granville Lecture Course Endowment Fund. This fund to be used for establishing a permanent lecture course in Granville and putting it upon a substantial financial basis.

Town representative, Mrs. Burton Case; Conservatory of Music representative, Prof. Arthur Judson; Faculty of the University representative, Prof. M. E. Stickney; Y. M. C. A. representative, Lynn W. Hattersley and Earl R. Bull.

TO DRILL FOR GAS  
NEAR THORNVILLE

Thornville, O., Sept. 17.—The New Perry County Oil, Gas and Fuel company recently organized at Thornville, this county, which will be incorporated in the sum of \$10,000 during the week. The stock of the company is divided into 400 shares, which sell at \$25 per share. It is the intention of the promoters to drill for oil and gas in the vicinity of Thorn township. The incorporators will be William Neel, John Yost, R. C. Neel, F. Z. Neel, P. J. Egan and Samuel Edmund.

## THORNVILLE SCHOOLS.

Thornville, Sept. 17.—On account of the illness of Supl. Williams, the opening of the Thornville schools was postponed until today. Prof. Williams spent the past week in Columbus undergoing an operation on some teeth that had been causing considerable pain. The teachers for the year are: Superintendent, C. L. Williams; principal, C. W. Andrews; grammar department, C. H. Barrett; intermediate, Miss Anna Lawyer; primary, Miss Effie Baker; music, Miss Carrie Wilson.

JAMES COCHRAN  
DIES VERY SUDDENLYRetired in Usual Health but Wife Noted  
Serious Condition an  
Hour Later.

James Cochran, one of the oldest and best known residents of the vicinity of Reform, died very suddenly on Saturday night at the advanced age of 78 years. Mr. Cochran retired Saturday night in his usual health, which was very good for one of his years. About one hour later his wife discovered that he was breathing in a strange manner and she at once summoned her son. Death followed very shortly.

The deceased has resided in the country north of Hanover for a number of years, in fact the greater part

of his life was spent at Reform. Two daughters, Mrs. Williams of near Purity, Mrs. Samuel Thompson of near Reform, and one son, Harvey Cochran, at home, survive.

The funeral will take place Tuesday at 10:30 o'clock (standard) from the Smith chapel. Interment will take place in the chapel cemetery.

EPIDEMIC OF SCARLET  
FEVER AT COSHOCTON

Coshocton, O., Sept. 17.—The city health officer and some of the physicians entertain the fear that Coshocton may be visited by an epidemic of scarlet fever, there being almost a dozen cases of the contagion already existing in the city, and new ones being reported daily.

The most disconcerting feature about it is that the cases are widely scattered about the city and indicate that all are not due to the same source. Some of the cases can be traced directly back to their origins, but where some of the children were infected is a mystery. One physician has six cases under his care, located in different portions of the town.

## MASONS TO OFFICIATE.

Coshocton, Sept. 17.—The local Masonic lodge at the meeting has accepted an invitation to lay the corner stone of the Church of Christ, Sunday, September 30.

## HARTFORD FAIR

Numerous Attendance and Large Receipts Produce Good Surplus for  
Future Improvements.

Mr. Jehiel Tedrick attended the Hartford Fair as he has done regularly for the past 40 years, remaining from Wednesday till Saturday. He reports that the managers of the Fair are well satisfied with the large attendance and splendid results this year, the net receipts being large enough to put the society out of debt and leaves a good surplus. This surplus will be used by the management for various improvements, including larger premiums for future exhibits.

RIVER & WESTERN.Company Pays \$1000 Cash and \$1000  
a Year Till It is Standard  
Gauged.

Zanesville, Sept. 17.—The county commissioners have sold to the Ohio River and Western railway company the narrow gauge road that runs from here to Bellaire. The nine miles of track extends from here to the county line and has been the property of the county ever since the road was built.

The railroad company agrees to pay the county \$1,000 cash and \$1,000 a year until the road is standard gauged, expressing an intention to standard gauge it at once.

MRS. M'FARLAND  
ONE OF THE HEIRSNEWARK WOMAN IS TO RECEIVE  
A PORTION OF ESTATE OF  
WM. SCHUMANN.Pittsburgher Left Large Estate, But  
the Heirs are Numerous—May  
Move to Pittsburgh.

Mrs. William McFarland of 125 West Railroad street, has received word that she is one of the heirs to the fortune of William Schumann of Pittsburgh, a brother of the world famous Mme. Schumann-Heink-Rapp. Mrs. McFarland is a niece of the wealthy Pittsburgher. Her portion of the fortune consists of \$17,000 in cash and the privilege of a beautiful country home only a short distance out of Pittsburgh. In talking with an Advocate reporter Monday, Mrs. McFarland said that she had not yet decided upon her plans for the future, but might remove with her family to Pittsburgh in the coming spring. It is understood that Mr. Schumann left a very large fortune, but there was a large number of immediate relatives among whom it was to be divided. Mrs. McFarland appreciates greatly the fact that she will obtain at least a portion of the estate.

Fourteen executions take place yearly in the United Kingdom, 710 in India.

MEET OCT. 1stTHIS IS DATE FIXED FOR BEGIN-  
NING TRIAL OF EX-CASHIER  
LINGAFELTER.Mr. Graham Begins Second Term as  
Commissioner—Answer Filed.  
More Divorce Suits.

The petit jurors for the September term of the Common Pleas court have been summoned to appear on Monday, October 1. The J. F. Lingafelter forgery case is set for trial on that date before Presiding Judge Campbell.

Mr. Graham's Second Term.  
County Commissioner J. S. Graham entered upon the duties of his second term Monday morning, which necessitated a reorganization of the board, which was made as follows: President, C. J. Jury; secretary, J. A. Graham.

## Two Answers Filed.

In the case of Jacob Snyder vs. Charles Bingham, the defendant has filed his answer to the petition of the plaintiff in which he says that admitting that he struck plaintiff on the head and injured him somewhat, he denied every other allegation contained in the petition. Defendant says that when he struck the plaintiff, that plaintiff was committing an assault and battery on him. He says that the assault was made with the intention of killing him, and that plaintiff was in the act of carrying out said intent when in self defense he struck him. Defendant says that he used no more force than was necessary to repel the attack by the plaintiff upon him. Wherefore defendant demands judgment. Kibler & Montgomery, attorneys for defendant.

In the case of Warren L. Powell vs. Charles Bingham, the defendant has filed his answer, in which he denies all the allegations made in plaintiff's petition. He says plaintiff was engaged in an assault on him with intent to kill, and that whatever was done in the premises was done in self defense. Wherefore the defendant, Charles Bingham, demands judgment. Kibler & Montgomery, attorneys for Charles Bingham.

## Sues For Damages.

John W. Vance has commenced suit in the Common Pleas court against Charles W. Elmswiler for \$15,000 damages for assault and battery. The plaintiff says that on the 16th of May 1906, in Utica the defendant assaulted him in the face with a stone, breaking his nose and permanently injuring his right eye, and by striking him on the head with an oak stick or club, fractured his head and wounded his left ear. Plaintiff says that by reason of the assault and battery he has been sick and lame for thirteen weeks, and that he has been obliged to expend \$50 for medical attention. He says his injuries are permanent and that by reason of the premises he has been damaged in the sum of \$15,000 for which sum plaintiff prays judgment against the defendant. John W. Leidigh, Kibler & Montgomery and Hunter & Hunter, attorneys for the plaintiff.

## Mr. Catton's Answer.

William A. Catton, by his attorneys Smythe & Smythe, has filed an answer in the Probate court to the petition of Minnie A. Catton, in which he denies every allegation contained in her petition except that she is a resident of Licking county and that he was married to her. He alleges that without any cause she abandoned him and took and carried away his personal property to the value of \$350.

Action for Divorce.  
Smythe & Smythe, as attorneys for Joseph Binder have filed a petition in the Probate court praying for a divorce from Etta Binder on the ground of three years' wilful absence and with infidelity.

In Common Pleas.  
In the case of Charles D. Gill vs. Samuel C. Fink et al., leave was given to file an amended petition. The suit is brought to enforce the payment of a note. There were twenty-three signers of the note, and plaintiff claims that three of these have not paid their share. Hilliard, Flory & Flory, Kibler & Montgomery.

In the case of M. H. Burton vs. A. H. Heisey Co., et al., leave was given to file a second amended petition. The suit is brought to collect on a mechanic's lien. Hilliard, Norpell.

Wm. H. Dennis vs. Wm. Butler; Wm. H. and Allen A. Dennis made defendants with leave to plead. J. E. Jones.

Frank McFadden vs. John W. Smith, a judgment of settlement at plaintiff's costs, was entered by consent. Black Newark Real Estate and Imp. Co. vs. S. E. Rhoads; settled and judgment of dismissal at defendant's costs Norpell, Kibler & Montgomery; Jones & Jones.

Alta Cooper vs. Frank Cooper, a suit for alimony; judgment of dismissal set aside and cause re-instated. Fulton & Fulton; Smythe & Smythe.

Lewis P. Schaus vs. N. S. B. Co., the receiver's bond was originally given for \$175,000. The receiver, A. A. Stasel, was of the opinion that \$80,-

000 is sufficient, as it is now twice as much money as he now has in his hands or is likely to have. There being no objection, the bond was ordered made \$50,000.

The court charged the grand jury, a admon took up the motion list.

Charge is Assault.  
On affidavit of John Fitzgerald, a warrant was issued by Squire Lake for the arrest of Cecelia Louis on the charge of assaulting Fitzgerald with intent to wound. She was assessed a fine of \$1 and the costs, amounting in all to \$4.50.

Hamlin Divorce Case.  
The Hamlin divorce case which was set for Monday afternoon in the Probate court, has been postponed until Monday, October 8, at 1 p. m.

## Offenbacher Arrested.

Some time ago the Common Pleas court decreed that Jacob Offenbacher should pay \$2 a week for the support of his minor child. It appears that Offenbacher went to Tiffin to work and paid no attention to the order. A warrant was issued by Justice Lake and placed in the hands of the sheriff for service. The sheriff went to Tiffin and returned Sunday night with his man who is now in jail.

## Court House Notes.

George W. Drake has been appointed administrator of the estate of Hezekiah Taylor, deceased, of Fallsburg township. Bond \$600.

F. S. Wright has been appointed administrator of the estate of Martha Wright, deceased. Bond \$100.

Application has been made to the Probate court to probate the will of Helen M. Wood, deceased, of St. Albans township. No time has been fixed for the hearing.

The last will and testament of Mary A. Miller, deceased, of Harrison township, has been admitted to probate and A. R. Miller has been appointed administrator with the will annexed. Bond, \$2,000.

In the case of The G. H. Howell company against Cranston Bros., the defendants, by Smythe & Smythe, the attorneys, have filed their answer in which they deny every allegation in the petition.

Marion Settles, defendant in the case of Herman Elsner vs. Marion Settles, has filed his answer, in which he denies the allegations of the petition and alleges a settlement. Smythe & Smythe, attorneys for the defendant.

George Meek by his attorneys, Smythe & Smythe, has filed a petition in the Common Pleas court against The Buckenbarger Home Supply company, in which he asks damages in the sum of \$250, for the breach of contract of employment.

In the case of Criss Bros. vs. Wm. T. Willey the defendant has filed an answer in which he denies that he ever employed the plaintiffs to perform any services for him. Smythe & Smythe, attorneys for the defendant.

George Johnson by his attorneys, Smythe & Smythe, has filed his answer to the petition of Lucy Wade wherein he denies every allegation of the petition. This is an action in replevin for the possession of a horse.

GRAND JURY  
BEGINS ITS WORKJudge Seward Calls Attention to the  
Bucket Shops and Asks for an  
Investigation.

The grand jury for the September term of the Common Pleas court convened Monday morning. Judge Seward delivered a lengthy charge to the jurors reminding them of their duties and their rights to call any and all witnesses they saw fit to investigate any and all crimes and misdemeanors to which their attention had been called. He grew specific in regard to gambling, reminding them that there were certain gaming devices contrary to law, and that there was such a thing as illegal speculation in markets, conducted in what are known as bucket shops. He defined what was meant by bucket shops and asked them if they knew of any such operations going on within the county to return a true bill against the parties operating them. He told them further that the prosecuting attorney, J. R. Fitzgibbon, would be with them and would direct them in their deliberations as he was their legal advisor.

## Bullets Thick and Fast.

Steubenville, Sept. 17.—Sunday afternoon in a brawl a Crow Hollow, John Meadows shot and killed W. H. Lewis, a negro gambler. Later the Polish owner of a defeated dog fired a shotgun into the crowd, wounding four foreigners. At Ekeyville last night at a christening a drunken Hungarian fired a revolver in fun and fatally wounded another Hungarian.

In the grounds adjacent to Wentworth Castle, in England, is to be seen a unique sun dial, which is composed of a fine yew tree for the pin and closely cropped box bushes for the Roman figures and bordering. It was planted over 200 years ago and with sun dials of more modern construction. Its timekeeping compares favorably with that of modern construction.
